

## **POSTER COMPETITION**

**Expedition Medicine Programme**  
**Salle du Bicentenaire, Chamonix**  
**21<sup>st</sup> – 25<sup>th</sup> January 2019**

### **Final instructions to contributors**

Dear all,

We have a broad selection of topics, cases and research abstracts from alumni, WMT faculty, course delegates and other contributors. Thank you all very much for getting involved – your work will enhance the course.

Please email me a JPEG of your poster as soon as possible; name the file **WMT + title**. It's easy enough to save a ppt slide as a JPEG.

If you're not on the course, please let me know / reconfirm if you'll be in Chamonix during the course week. We plan to announce the winner on Tuesday 22<sup>nd</sup> January (you don't need to be there if not on the course) and ask the lead author to present the poster on Thursday 24<sup>th</sup> January at about 4.40pm (if they are available). If the winner is not present, we'll ask the closest runner up available to present. We can provide a laptop/Mac to use on the day but not for preparation. Bring presentations on a memory stick.

Bring your poster on day 1 of the course (we'll have tape/Blue Tac); or be sure it arrives by post by Friday 19 January to WMT:

The Coach House

Thorny Bank, Garth Row

Kendal CUMBRIA

LA8 9AW

You can have your printing company send the poster directly to me if you wish. Please **DO NOT** send by means that require a signature on delivery (our post office is not convenient to us if we are not in to sign for it and have to pick it up). I will confirm receipt of posters by email.

Post course, we'd like to share your posters more widely; via our blog and/or a new webpage under our Knowledge tab (hence asking for JPEG), then in a newsletter. I'll assume I have your consent unless you advise otherwise. Be mindful of patient confidentiality and details in your poster that might identify them if you don't have their consent to share their case. The abstracts will not be published.

Thank you again.

Barry Roberts
